**CO-CURRICULAR
HANDBOOK**

ST TERESA'S

CATHOLIC COLLEGE

Welcome to the Arts Co-Curricular Program. This handbook provides information, details and arrangements to help students and parents understand what is being offered to support and extend your student's artistic development.

St Teresa's Catholic College offers students performance opportunities to study and be extended in Art, Dance, Drama, Music and Film, and the standard and creativity of our student works are recognised by awards in a range of events. Above all, it is the supportive 'ensemble culture', collaborative creative risk-taking and the development of excellence in technical skill, that are our priorities. These require ongoing commitment for the good of the ensemble, in genuine family spirit.

DANCE

01

JUNIOR & SENIOR TROUPE

Membership provides students opportunities to further develop technique (working in groups based on technical skill level), to develop greater sophistication in interpreting and performing in character and as a storyteller, to be mentored by and one day mentor others as a senior dancer and to observe high standards of performance produced by a range of schools. Membership also challenges and extends technically skilled dancers with highly creative choreography and provides opportunities for creative development by enabling members to explore, choreograph and perform their own ideas (solo or group), and to contribute choreographic ideas to collaboratively developed pieces. Students will be provided with a Dance/Arts shirt in Term 1 and are required to wear this to rehearsals and events with their own bike pants, shorts or long pants.

In ensembles, younger members develop the confidence to perform alongside and be mentored by more experienced musicians, and senior musicians have an opportunity to mentor and lead, including conducting. Opportunities are also available in student-managed rock bands supervised by staff, and in guitar ensemble, brass and percussion ensembles if developed by our instructors based on student needs and skill levels.

ENTRY

St Teresa's offers four (4) core Music Ensembles - Concert Band, String Ensemble, Guitar Ensemble and Vocal Group. In these core ensembles students have an opportunity to apply and develop technical skills, and, to develop confidence in performing for an audience, and ensemble-mindedness, learning the self-discipline of rehearsal and relying on each other as valued members of the group. Musicians who continue to demonstrate commitment to their core ensemble are welcome to audition for extension in the STCC Stage Band (specialising in more complex traditional repertoire).
